## Driven Woman Group Rules

EVERYONE IS EQUAL. EVERY PURPOSE IS VALUABLE.

We respect ourselves and we respect each other. We don't rank people based on their background or previous success. We are here because we all want more out of life and we can all help each other in that journey. We respect and support everyone's aspirations and passion. Every dream is created equal.

THIS IS A PLACE OF ACTION.

We are here because we want to make our lives better. The groups are created to support members to actually achieve their goals. It is easier to make chances when you know you have people around you who support you, who are in a similar situation and who care about your progress.

WE LEAVE OUR EGOS AT THE DOOR.

We learn faster if we are open and give up our guard. The reason we have joined the group is to create a more rewarding life for ourselves, therefore we are firstly building a relationship with ourselves rather than trying to impress others.

WE TREAT EACH OTHER WITH KINDNESS AND HUMILITY.

We have tremendous appreciation towards our fellow members who freely share their experiences, successes and failures to inspire us and to help us.

CONFIDENTIALITY.

We understand that people are sharing their personal stories with us. We treat everything confidential and expect others to respect us in the same way.

WE ARE NOT AFRAID TO SPEAK UP.

There are no stupid questions or right or wrong answers. We expect everyone to contribute because that is the only way everyone can learn and benefit from the sessions. Our Moderator is there to help create an open atmosphere and to help with any further questions that may have to be dealt with after the group session.

WE LOOK FOR SOLUTIONS.

Problems are there to be solved. We are not afraid to face difficult subjects but we always look out for positive solutions and look forward for the future. If you have issues that run very deep they may be better dealt with someone on one by one basis.
